**B**ritChiro Clinics, one of England's leading providers of Chiropractic Healthcare successfully treats thousands of patients throughout the South of England every year for a variety of conditions.

BritChiro is committed to the highest Chiropractic standards for which all four branches were recently awarded the 'Patient Partnership Quality Mark' by the College of Chiropractors.

If you would like to consult one of the Chiropractors at BritChiro you need to make an appointment for an Examination.

The Doctor of Chiropractic will take details of your medical history and discuss with you any concerns you may have with your spinal health.

This is followed by a physical examination – including Chiropractic, orthopaedic and neurological procedures as well as X-ray examination if necessary.

Once a specific diagnosis has been

You will also be told if Chiropractic is not likely to help your situation.

The charge for the examination is £40 and each treatment session costs £30.

Most health insurance providers including BUPA & PPP/AXA cover some or all of the cost of treatment.

Locally, BritChiro has branches in Horsham and Horley, both of which are open six days a week from 9AM till 6.30 PM and both have in-clinic X-ray Departments.

## Praise from dressage rider

Grateful patient  
Toni Karen Crosdil

*“As a dressage rider and a client of BritChiro for the past 5 years I think my testimonial should be felt by all.*

*I have walked into BritChiro before feeling like I am tied up in knots and as though I am in two or three pieces.*

*After an adjustment at BritChiro, I feel an immediate release – a ‘letting go’ feeling – a relaxation through my whole body. I feel one person again, complete. Some times I walk out as though I am walking on air.*

*The best night's sleep is always after I have had my fix with BritChiro!*”
